

MAKING THE HOSPITAL A MUCH LESS SCARY PLACE

What We Do

We provide children at Children's Hospital of Pittsburgh UPMC with cancer and other life-changing illnesses animated face masks that prevent the spread of germs and viruses as well as making the hospital a much less scary place. The face masks we make are reusable and washable.

Why We Do This

When a child is diagnosed with a life-threatening illness, their whole life is put on hold. The whole cancer process from treatment, to reassessing your priorities, to handling all the daunting information thrown at you, is overwhelming. When a child loses their hair, can't run anymore, or play as they used to, their life seems bleak. Miracle Masks is dedicated to bringing a flicker of joy into the hospital, pushing out the isolation, sadness, and anxiety.

The Girl Scout Gold Award

The Girl Scout Gold Award is the highest award a Girl Scout can earn. Girls who pursue this 100+ hour service project aspire to transform an idea and vision for change into an actionable plan with measurable, sustainable, and far-reaching results

How You Can Help

We accept small donations of fabric and time to help with getting masks ready for children! *Any donation will help!*
